

U11/U10 2020-21 PLAYDOWNS

OBJECTIVES

In conjunction with the U11/U10 Pathway...

- Define and categorize Leagues
- Connect league play to Championships
- Create meaningful competition (like skill playing like skill)
- Align with optimal seasonal structure within player pathway
 - Minimize travel
 - Extend length of season
 - Eliminate the need for team category appeals as regular league standings determine placement of team for playdowns

SEASON STRUCTURE

REGULAR SEASON PLAY

RESEED BASED ON PERFORMANCE

TIERED LEAGUE CHAMPIONSHIP

TIERED REGIONAL CHAMPIONSHIP

START OF THE SEASON

- Sort Leagues within Districts: Eastern, Central, Western
- Assign a “category” AA, A, Tier 1, Tier 2, Tier 3 to each team using the reference on the following page
- Based on the “categories” participating in each League assign a “League Assessment”, i.e. if the majority of teams participating in the League are Tier 1 and Tier 2, the “League Assessment” is Tier 1/2
- Using the total number of teams participating in the “category” within the District, calculate the percentage of teams that will advance to the Regional Championship weekend for each “category” and assign a numerical value based on that percentage
